What is a Patient Centered Medical Home?

A Patient Center Medical Home (PCMH) is a partnership between a primary health care team and an informed patient. You are at the center of the Care Team.

Who are the Members of the Primary Care Team?

- You, the patient
- Your Primary Care Provider (PCP) who is either a physician or a nurse practitioner.
- Licensed Practice Nurse (LPN) or a Certified Medical Assistant (CMA)
- Medical Clerk
- Registered Nurse
- And other members as needed

What to Expect From Your Medical Home?

Access to Care

- Services available when you need them.

Comprehensive Whole-Person Care

- Acute Illnesses
- Chronic Conditions
- Preventive Care
- Coordinated Care with Specialist When Needed
- Dental Care
- Substance Abuse Treatment/Counseling
- Behavioral Health Counseling

Patient Centered

- You are the most important member of the care team.
- Understand your health care plan.
If you don't, ask questions about it.
- Tell us about your successes and difficulties when following your health care plan.
- When you schedule an appointment, arrive on time and do not miss the appointment.

Continuity of Care

- Our goal is to care for you for many years.
